Some general FAQs:

Can I register my child for one or two days of camp or afterschool programs?

You are welcome to have your child attend for less than a full week. However, you still have to register and pay for the full week as we do not offer partial weeks for child care.

A program says it needs an access code, where do I get the code?

For programs that require an access code to register, emails are sent to parents by Club leaders. These emails will have the access code for the programs. Please note that access codes are **case sensitive**.

I need to change my credit card, how do I do that?

Log into your account and click on "Wallet" on the left-hand menu. From there, you can enter a new credit card.
